Hi Peter

I don't know what data is in the following packages. Please know we are not releasing unvalidated data outside the ICS. Emails to follow.

**Subject:** Just checking in on release of data

Hey Dan and Deborah,

Just checking in on release of water quality data, sediment samples and groundwater data from the alluvial wells. It would really help if we could get this data to analyze. We understand it may be provisional and we will use for internal La Plata County Purposes.

Please reply to all.

Thanks,

Pete
